BUNNINGS
TRADE

Helping business is our trade.

CONTENTS

We're here to support you from the front gate to the back fence. Across all building stages, we've got you covered for your project. We can supply you with everything from pre-fabricated timber frames and trusses, to flooring, joinery, kitchens, appliances, commercial grade windows, façades, plumbing and more. And, if we don't stock it, we'll do our best to source it for you.

We can work with you to develop unique product solutions, including high-end categories and specialist products. We do all of this from our National network of Warehouses, Trade Centres, Frame and Truss Plants and Building Solutions Studios. Supported by our Trade Assist dedicated phone line — allowing us to help you get the job done.

RESPONSIBLE SOURCING, SUSTAINABILITY AND COMMUNITY

Responsible sourcing

At Bunnings, we're committed to ensuring the products we sell come from legal and sustainable operations, with good working conditions and fair treatment of people. As such, we continue to pursue sustainability by striving to make them socially responsible, environmentally aware and economically viable.

Sustainability

We are also committed to helping customers live more sustainably, and we are proud of the role we play in supporting local communities to make a positive difference. We recognise that our business plays an important role in reducing carbon emissions and addressing climate change. Bunnings is committed to sourcing 100 per cent renewable electricity by 2025 to help achieve our target of net zero Scope 1 and 2 emissions by 2030.

We have a comprehensive roadmap in place to reduce our energy consumption and to transition towards using more renewable energy sources.

In our Community

Bunnings is committed to participating in the communities in which we operate by contributing to local, regional and national causes, charities and organisations throughout Australia and New Zealand. We provide ongoing assistance to a wide range of local community groups including schools, sporting clubs and service clubs as well as Fight MND, Sunsmart and Worldskills.

What do our customers think?

Trevor and Jemima, Brisbane QLD

Bunnings Trade has been instrumental to the success of our build.

Sharing our plans in the early stages of the project meant that Bunnings Trade was able to quote for most of our build stages. As a result, we were offered whole-of-build solutions that made for a smooth, reliable and consistent project.

Bunnings Team Member Chris was fantastic in guiding us through the whole process and giving us the information we needed to make informed decisions.

Access to the Building Solutions Studio at an early stage of the build allowed us to see an extended range that we wouldn't usually have access to. It gave us the ability to touch and feel products, and visualise the different finishes and layouts.

“ We were offered whole-of-build solutions that made for a smooth, reliable and consistent project.

Amy, Bendigo VIC

After I faced some initial permit and planning delays, Bunnings Trade have enabled me to make really efficient progress on my build.

Darren, my local Bunnings Trade Specialist, has been extremely helpful in organising quotes, sourcing products and managing deliveries to site. Darren has also been able to support with knowledge on build stages, suggesting the best product or solution as well as providing general assistance with stock availability and product lead times. This guidance and support has really helped keep the project moving smoothly.

I began the project on a PowerPass cash account but was pleased to learn about the 30-day credit account for Owner Builders. This will make things

a lot easier from a planning perspective, eliminating delays caused by EFT payments and ensuring orders and deliveries are processed faster.

“ Darren, my local Bunnings Trade Specialist, has been extremely helpful in organising quotes, sourcing products and managing deliveries to site.

It's great that I can also use my PowerPass card at my local Beaumont Tiles and make the most of the benefits of the PowerPass membership.
