DETAILS

NOTE: Due to updates in progress, packaging may vary.

DESCRIPTION:

CEMIX® MORTARFLEX PLUS is a highly concentrated, powdered plasticiser, designed to improve the workability and adhesion of exterior use plaster and mortar.

TYPICAL USES:

CEMIX® MORTARFLEX PLUS can be used as an air entraining additive for exterior use plaster and mortar, removing the need for adding lime to the mix.

ADVANTAGES:

- Improves workability and bond strength
- Allows for quicker application
- Reduced cracking from shrinkage
- Minimises water absorption
- Minimises efflorescence
- Freeze resistant

DOSAGE:

5g per kg of cement

PREPARATION:

Refer to the manufacturer's recommendations for the exterior use plaster or mortar being used.

MIXING:

1. Add the product directly to the mix during mixing. Use 5g of product per kg of cement.

Note: Do not aerate the mixture by stirring over vigorously or for too long. In general, a maximum of 3 minutes is recommended. Accurate measuring is essential as too much product can weaken the mix - use less product rather than more.

APPLICATION:

Refer to the manufacturer's recommendations for the exterior use plaster or mortar being used.

CLEANING:

Clean tools with water immediately after use.

STORAGE & SHELF LIFE:

Up to 12 months when stored in the original, unopened packaging, in a dry place at 23°C and 50% relative humidity.

LIMITATIONS:

Accurate measuring is essential as too much product can weaken the mix - use less product rather than more.

If lime is required in the mix, use CEMIX® CEMPLUS.

If your project requires Building Consent, please email info@cemix.co.nz about the suitability of this product before use.

Read label before use. Keep out of reach of children.

If medical advice is needed, have product container or label at hand.

DANGER

HAZARD STATEMENTS:

Causes skin irritation. Causes serious eye damage. May cause an allergic skin reaction.

SAFETY INSTRUCTIONS:

Wear protective gloves/protective clothing/eye protection/face protection. Avoid breathing dust/fumes. Contaminated work clothing should not be allowed out of the workplace.
