

Complete Door
Solutions

BUNNINGS
TRADE

Helping business **is our trade.**

With over 130 years' experience in the building industry, Bunnings Trade is your reliable source for quality door materials and accessories.

Bunnings Trade supplies a wide range of door solutions for all types of residential and commercial projects. Our commercial offering includes a variety of styles, materials and custom designs, in project volumes to suit your needs. From apartment complexes and hospitals, to education campuses and private developments, our qualified team can partner with you to help deliver your next project.

Responsible Sourcing

As a leading retailer of home improvement and outdoor living products, Bunnings is committed to ensuring all timber and wood products originate from legal and well-managed forest operations. To reduce the impacts to nature and biodiversity associated with the procurement of timber products, Bunnings' Responsible Timber Sourcing Policy seeks to exclude sources derived from deforestation and natural forest conversion. This is achieved by requiring that all natural forest timber products originate from independently

certified forests in line with the Forest Stewardship Council®(FSC®), Programme for the Endorsement of Forest Certification (PEFC) or another equivalent standard.

INTERNAL DOORS | FEATURE DOORS

Hume Doors & Timber

Hume Doors & Timber offers an extensive range of high-quality internal doors to suit a variety of home styles, from traditional through to modern and contemporary. From simple profiles to premium statement designs, there's a Hume door for every project.

Hume also provides flexible sliding door solutions, including the Frontier Barn Door system for standout features and room separation, and the Balance Sliding Door System for closing off spaces such as media rooms, home offices, and shared living areas, helping to improve privacy, reduce noise, and manage temperature.

Pre-hung options are available across the range, with factory-fitted hinges and pre-drilled latch and face holes. Designed for efficient installation, these systems save time on site and are trusted by some of Australia's leading builders.

- ✓ Wide range of styles and options
- ✓ Pre-hung available
- ✓ 5-year warranty

INTERNAL DOORS | FEATURE DOORS

Corinthian Doors

In Corinthian Doors' extensive range, you will find door designs to suit every decorating theme and almost every architectural period, and to meet every budget requirement from low-cost doors to products for the luxury market.

No matter the diversity of the styles of your projects, the Corinthian Doors range has something to meet your requirements. In their collections are designs inspired by Art Deco, shaker-style, traditional architecture, modernism and minimalism and the natural beauty of the timber itself. Their Barn Door collection provides an ideal transition piece between rooms.

In creating outstanding products with the beauty of natural timbers, Corinthian Doors is very mindful to ensure that environmental concerns are being met. As such, they only source timber from countries that practice responsible forest management. The entire Corinthian Doors range is available to order via Bunnings Trade, with many styles also available as wardrobe or bi-fold doors.

- ✓ Wide range of styles and options
- ✓ Pre-hung available
- ✓ 5-year warranty

Corinthian Doors Quickslide Wardrobe System

INTERNAL DOORS

Hume Doors & Timber and Corinthian Doors

Standard Internal Doors

Bunnings Trade can supply internal flush doors to suit all your project needs. Ready for painting or as timber veneer ready for staining, standard internal doors are suited to both contemporary and traditional style properties. There is a wide range of core types to suit all applications. The standard internal range is also available pre-hung, hinged only and hinged and latched for your convenience.

Wardrobe Doors

Combine the space saving benefits of sliding wardrobe doors with the extensive range of internal doors from Hume Doors & Timber and Corinthian Doors to find the styling option that best suits the home or business. All Hume Doors & Timber and Corinthian Doors internal doors available from Bunnings are also available as wardrobe doors, thanks to Hume Doors & Timber's Smartrobe System and Corinthian Doors' Quickslide wardrobe solution. Both solutions allow for two, three or four door combinations and have the option of white or chrome/silver tracks

Bi-Fold Doors

Utilise the space normally taken up by a hinged door and increase the room size by featuring an interior bi-fold or multi-fold system. Space-saving, smooth, quiet and available in a wide range of styles and sizes from Hume Doors & Timber and Corinthian Doors, folding door systems are an excellent way to divide a space and turn one room into two.

INTERNAL DOORS | PVC FEATURE DOORS

Pillar

Pillar's PVC feature doors offer a durable, low-maintenance alternative to timber. Resistant to moisture, termites, and everyday wear, they're lightweight, easy to clean, and provide a stylish, cost-effective solution for residential and commercial spaces.

Featured ranges:

Pillar Barn Door Kit - A modern, space-saving sliding door solution designed to maximise floor space by eliminating traditional swing clearance. Constructed from durable, lightweight PVC, it offers strong resistance to moisture and warping.

- ✓ Ideal for living areas, bedrooms, and open-plan room dividers
- ✓ Available in White and Washed Woodgrain finishes

Pillar PVC Concertina Doors - An efficient folding door solution for dividing spaces, enhancing privacy, or concealing areas. Durable PVC panels glide smoothly along a top headrail and fold compactly for easy access.

- ✓ Panels can be added or trimmed to suit a range of openings
- ✓ Additional headrail available for door extensions
- ✓ Available in Monaco, San Marino, and Platinum styles

CONCEALED DOOR JAMBS

Studco | EzyJamb®

EzyJamb® by EZ Concept® flush-finish door jamb systems create clean, seamless lines, eliminating the need for architraves. Suitable for both residential and commercial applications.

Available in three profiles:

- Inswing Door (ISD) – Ideal for creating a seamless look in hallways and corridors, featuring a flush wall finish with inward opening functionality.
- Single Rebate (SRC) – A one-piece jamb that provides a smooth transition, creating a trimless door with a refined, minimalist finish.
- Classic Adjust (EJC) – The original EzyJamb® split-type jamb, adjustable for varying wall thicknesses to achieve a smooth, flush wall finish.

EzyJamb® is also available as part of a full Door Suite, paired with RocYork® hardware and EzyDor® premium doors.

- ✓ Standard and custom sizes available
- ✓ Door Widths from 420mm to 1020mm
- ✓ Standard Door Heights: 2040mm or 2340mm

CAVITY SLIDERS

Hume Doors & Timber

Hume Doors & Timber's cavity units provide a space-saving solution, allowing doors to slide into the wall and free up floor space. The range includes Evolution Timber Cavity Units for high-traffic areas, Evolution Steel Cavity Units for moisture-prone spaces such as bathrooms and laundries, and Evolution Premium, a floor-to-ceiling system with a concealed track, supporting doors up to 120kg.

Optional upgrades include the Evolution Touch Release System, which keeps the door flush and releases with a light touch, and the Evolution Soft Close System for smooth, controlled operation.

- ✓ Cavity maximum door mass up to 70kg
- ✓ Evolution Premium – up to 120kg
- ✓ Soft closing technology available

CAVITY SLIDERS Corinthian Doors

Corinthian Doors offers a range of cavity units to suit residential and commercial applications. Corinthian Doors Platinum 7000 (steel) and Slimline 5000 (timber) cavity systems include a jump resistant soft closer as standard and smooth, quiet aluminium track system. The systems seamlessly integrate with their internal door range, providing flexible solutions across all projects.

Platinum 7000 is recommended as the optimal cavity unit that handles everything your build demands, providing added strength and functionality, ideal for tiled walls, and wet areas where moisture can damage timber units. For heavy floor-to-ceiling doors, the Platinum 9000 is the ideal choice.

- ✓ Jump-resistant soft closer standard to Platinum 7000 and Slimline 5000
- ✓ Range of add on options available, including Jexis press release, grab rail reinforcement, and more
- ✓ Max door mass up to 125kg per door single, or 85kg per door double with Platinum 9000

Full-Height SlideSet

SlideSet

SlideSet

CAVITY SLIDERS

Studco

Create fluidity between rooms with flush finish cavity slider systems from EZ Concept®. SlideSet® cavity sliders offer a square set finish around the perimeter of the frame, completely concealing a sliding door and offering absolute privacy when closed. The full-height system is designed to allow the track to be flush with the ceiling, providing a smooth, continuous flow from room to room.

CavKit trims are the ideal solution for transforming the cavity slider into a flush-finish feature. It trims and caps the plasterboard edges around the door penetration, eliminating the need for architraves, and ensuring the sliding door system maintains the modern architectural appeal of the space. This solution offers a variety of options for the closing jamb dependent on privacy needs.

- ✓ Available in both standard and custom sizing
- ✓ Specially coated, ready-to-paint surface
- ✓ Made in Australia with premium BlueScope Zincaneal steel
