Product Statement

Lightweight and compact, the DUM111X is ideal for cutting long grasses in hard-to-reach areas or up against fences or walls without causing damage.

It can also be converted into a hedge trimmer with the 200mm hedge trimmer blade coming as standard allowing it to be used for a wide variety of tasks in the backyard.

As the tool allows for two blade configurations, the tool-less blade change allows the user to quickly and easily change between the two blades. The high-speed dual action blades deliver an efficient cut leaving your lawn looking its best.
