# Outdoor Cushion Covers

## Product Examples

Lomani Ash

Lomani Hibiscus

Kona Cloud with Kona Ash Piping

Mallacoota Melon

## Warranty and Care

### Warranty

Cushion House Australia offers a lifetime warranty on all of our workmanship, and a 3-year guarantee on all our fabrics for use in both domestic and commercial conditions.

### Care Labels

All of our cushions are supplied with care labels to advise correct and suitable care instructions specific to your choice of fabric.

# CHOOSE YOUR FABRIC **WARWICK**

The Warwick Fabrics SUNDEC range is designed for both indoor and outdoor use, making it versatile for various settings. These fabrics are composed of 100% Olefin, a material specifically developed to withstand commercial sunlight exposure, resist mould and mildew growth, and endure general wear and tear. The range is available in a variety of colours, offering plenty of options to suit different design preferences. The SUNDEC range includes the Kona collection, Lomani collection, and Mallacoota collection, each bringing unique styles and textures to the lineup.

## Kona

## Lomani

## Mallacoota

# MEASURE AND RECORD YOUR DETAILS

When measuring existing cushions, use your original covers and measure seam to seam

## Important Notes:

- All of our cushions are manufactured with a standard thickness of 75mm.
- If you wish to alter the thickness, please make a note in the additional comments when filling out the order form.
- Any change to thickness will not incur any additional fee.
- Thickness may range between 25mm - 250mm.
- Please refer to the diagrams below when measuring your cushions, and enter your measurements in line with the corresponding diagram when filling out the order form.

# Optional Extras:

## Piping Option:

Piping is the beading around the edge of a cushion that can be sewn into the cushion to add a design flair to your custom cushion. You can choose to have no piping, piping that matches the fabric used for your cushion cover, or even another fabric to provide a contrasting edge to your cushion. If you would like contrasting piping, please select the piping fabric from page 3 of this brochure..

### Same Colour Piping

I/N  
0708124

### Contrasting Piping

I/N  
0708117

## Ties Option:

### Back Ties

I/N  
0708175

### Front & Back Ties

I/N  
0708175

## Important Note:

- Ties will be positioned on the corners of the cushion unless otherwise stated on the order form.

## Need Foam Inserts?

If you need foam inserts, please speak to the Special Orders Desk.

## Measuring Existing Covers:

If you are replacing existing cushions covers, simply measure from seam to seam of your existing cushion covers.

## Measuring a Seating Area Without Existing Cushions:

Measure the length and depth of your seating area to the nearest 10mm / 1 cm
