Experience Water

A treat for your senses

Water is an adventure of the skin and senses. From the sparkling tumble of a mountain stream to a hot pool's immersive promise, water has the power to lift our mood and transform our state of mind.

At Methven, our love of water began in 1886. Ever since, we've devoted ourselves to harnessing its transformative properties, creating experiences that can soothe and stimulate, comfort and awaken, relax and revitalise.

Through intelligent design and precision engineering we've found ways to shape water, to recreate its many guises in nature and its appeal to our emotions.

The result is something that transcends the everyday. From the moment the water hits your skin we deliver a treat for the senses. This is what sets Methven apart. Because when you experience Methven you truly experience water.

METHVEN

Airstream

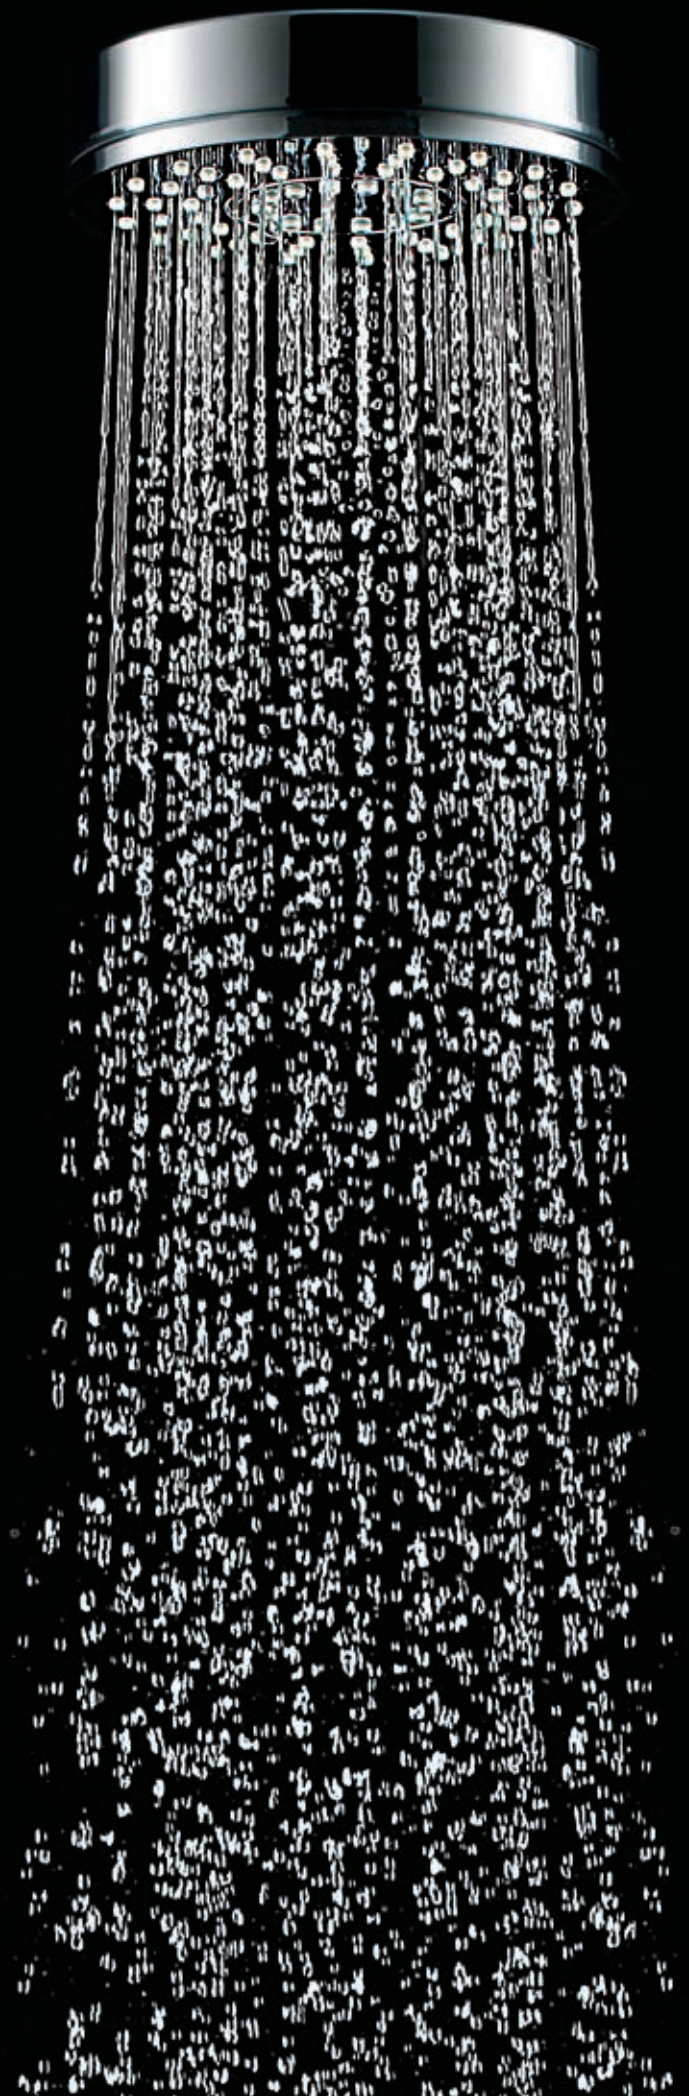

Experience Vitality with Airstream

A refreshing combination of air and water that delivers a rain-like feel to your shower.

Fully integrated into the base of the handset, Airstream technology allows air to be drawn in and mixed with water at high pressure. Each air-infused droplet then emerges from the shower head as a larger, softer, rain-like drop.

The result is a more refreshing all-over showering experience.

Airstream. A simple and smart choice for any bathroom shower experience.
