1. Attach the standing pole (B) to the chair base (A), using bolts(CC), washers (EE&MM) and nuts (GG). When all bolts are in position, tighten securely using Allen Key (RR) and spanner (SS). Cover the nuts with the nut covers (II), cover the bolts with the bolt covers (KK).

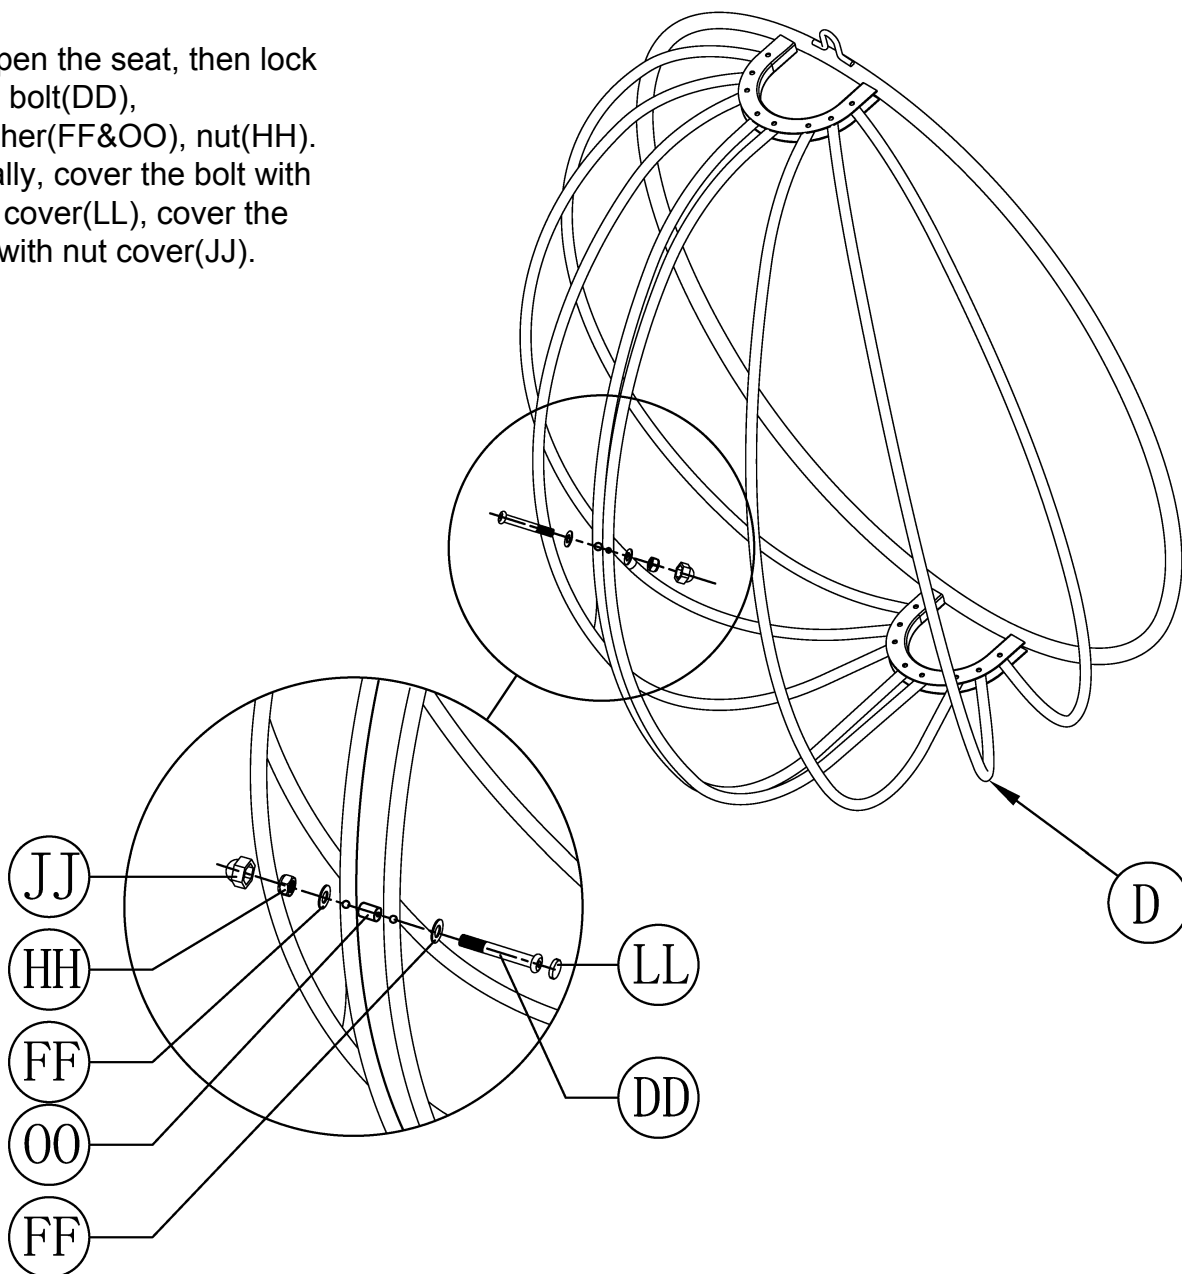

2.Connect the hanging pole (C) with the standing pole (B), using bolts(AA), washers (EE) and nuts (GG).When all bolts are in position, tighten securely using Allen Key (RR) and spanner (SS). Cover the nuts with the nut covers (II).
3.Put the chain guard on hook.

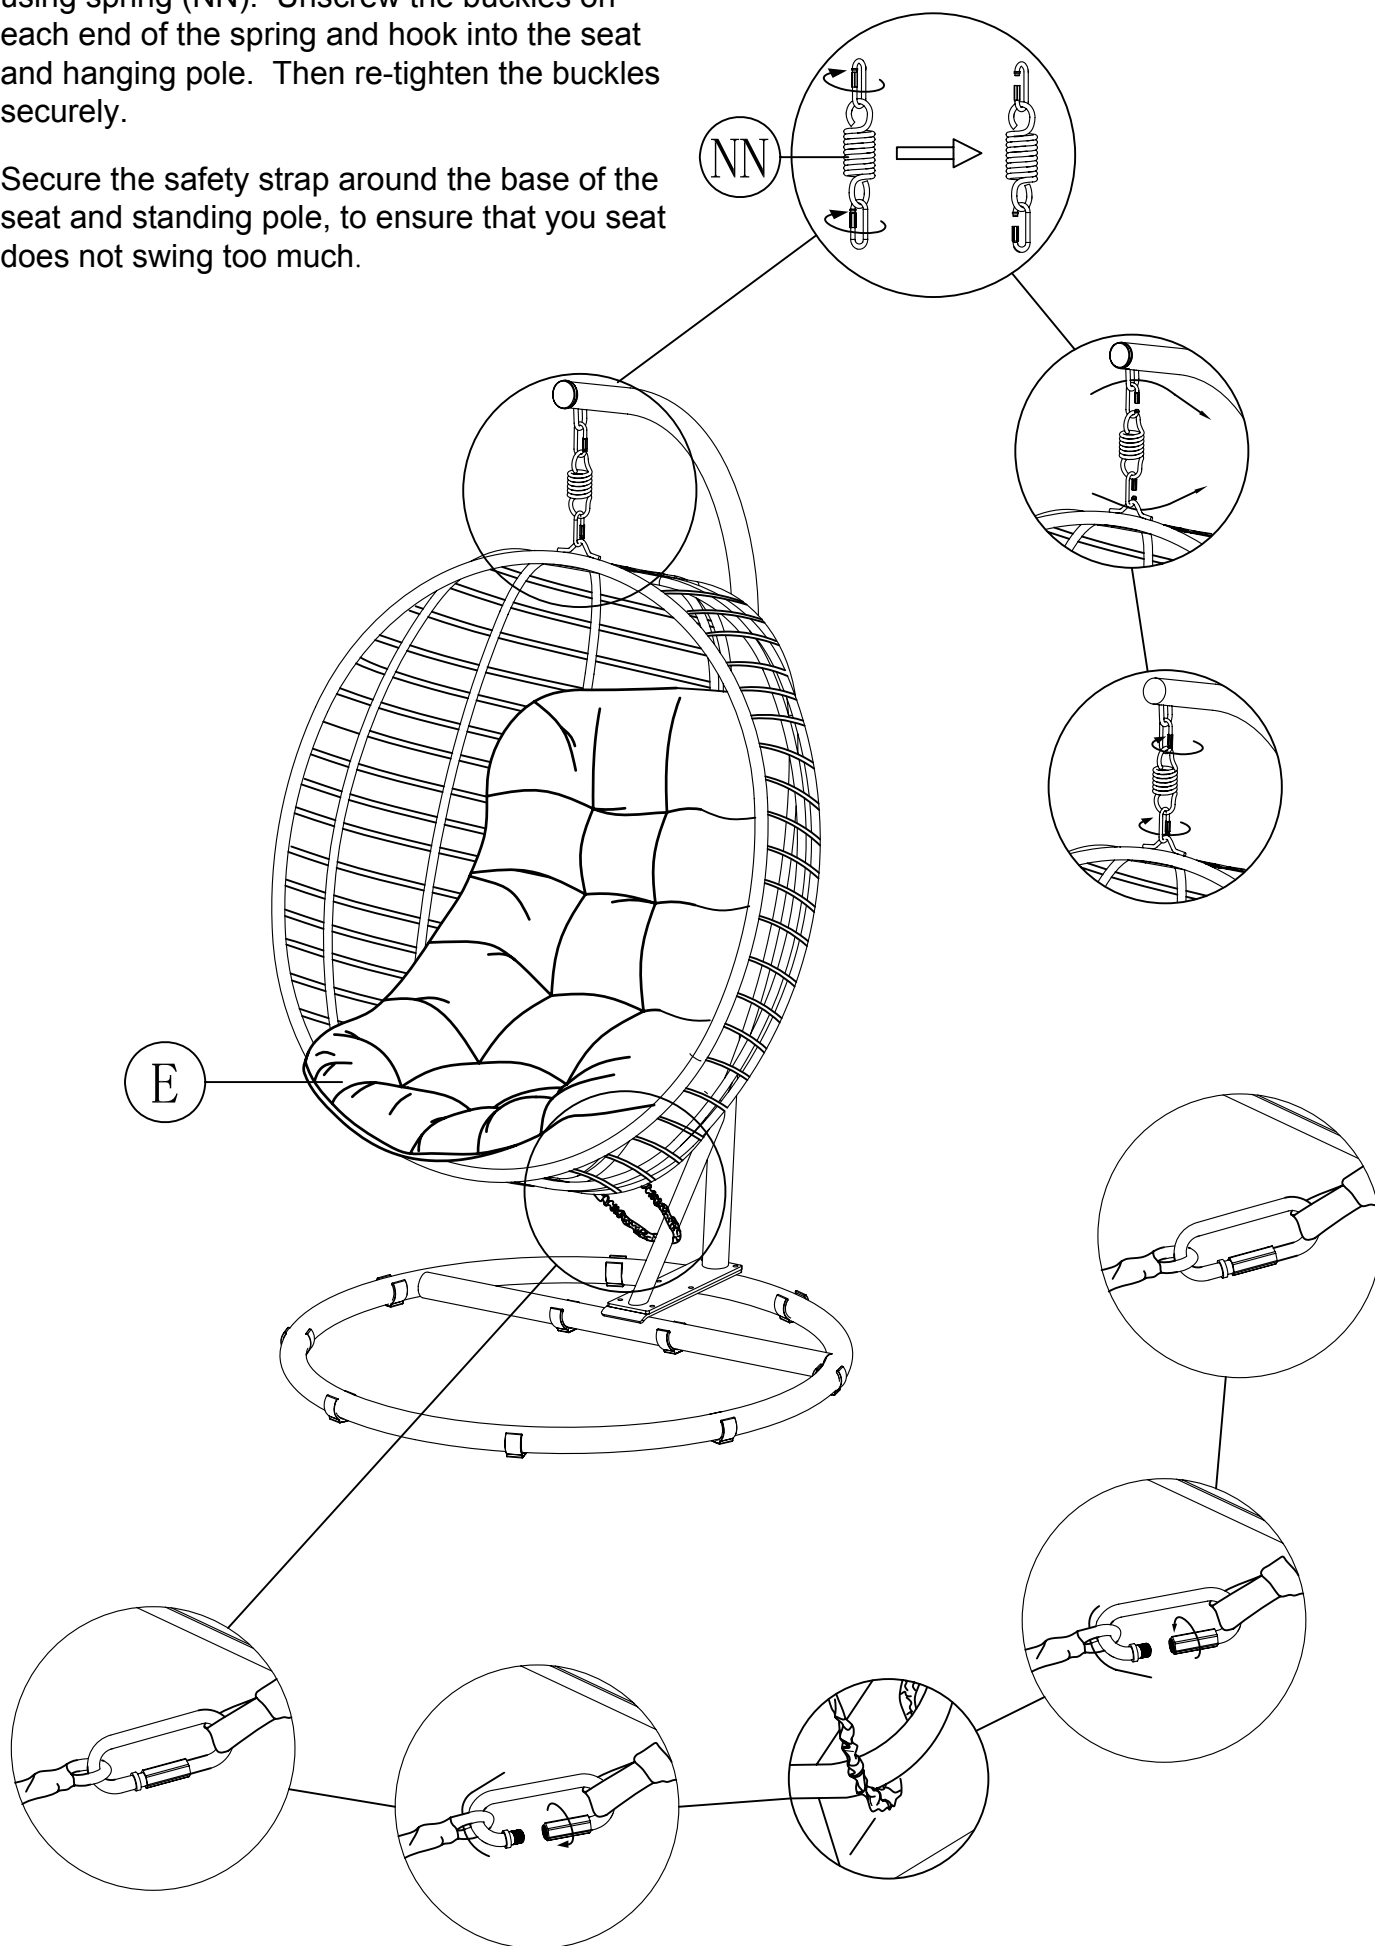

4. Open the seat, then lock with bolt(DD), washer(FF&OO), nut(HH). Finally, cover the bolt with bolt cover(LL), cover the nut with nut cover(JJ).

5. Attach the seat (D) to the hanging pole (C), using spring (NN). Unscrew the buckles on each end of the spring and hook into the seat and hanging pole. Then re-tighten the buckles securely.

6. Secure the safety strap around the base of the seat and standing pole, to ensure that you seat does not swing too much.

CUSTOMER NOTICE:

Failure to appropriately secure the safety strap may result in personal injury. Ensure it is safely connected before each use.
