Air Purifier

AC-01

Why Air Purifiers Australia?

At Air Purifiers Australia our mission is to help consumers and businesses in Australia take control of their air quality by providing a range of fully tested and high-quality air purifiers to suit a range of spaces such as: car, desktop, small offices, large offices, classrooms, pubs, bars and gyms.

A recent study done by the National Institute of Allergy and Infectious diseases found that viruses can remain airborne for up to 3 hours. By purchasing a product from Air Purifiers Australia, you will be guaranteeing fresh, safe air for yourself, your family, your work colleagues and your customers.

Take control of your air today!

The AC-01

The smallest and most portable air purifier in our range. Designed primarily as an in-car air purifier for clean air on-the-go.

The AC-01 can also be used on desktops with an option to plug the unit directly into your laptop or PC. The air purifier comes complete with a medical grade HEPA filter, combined with an activated carbon filter as part of our tested and approved 3-stage filtration system.

Benefits

H13 HEPA filters remove 99.95% of airborne viruses

Quickly reduces effectively reduces pollutants in the air

Small and portable

Ideal for ride-share and taxi transportation

Removes car odours

3-stages of Air Filtration

Antibacterial Cotton

Low Temperature Catalyst

Active Carbon

**Fits easily in
your car**
