What are regional savings?

In select markets, new orders in certain regions are eligible for a one-time savings in areas where Starlink has abundant network availability.

How to receive "Regional Savings":

- If purchasing through starlink.com, the discount will be reflected in the hardware price immediately at checkout.
- If purchasing through an authorized retailer, a one-time credit equivalent to the amount listed below will be applied to your Starlink account after activation.

One-Time "Regional Savings":

- Australia: \$200-\$300 (AUD)
- Brazil: \$400 (BRL)
- Canada: \$250 (CAD)
- Mexico: \$2000 (MXN)
- New Zealand: \$200-\$325 (NZD)
- United States: \$100 (USD)

Policies Applicable to Customers Receiving "Regional Savings":

- Customers who change their service address to an area that is not a designated regional savings area will be billed the amount of the regional savings.
- Customers may not transfer a Starlink Kit to another user until 120 days after the order is placed or 90 days after activation of the Starlink Kit, whichever comes first.
- Customers who cancel their Starlink service within the 30-day trial period, do not return the Starlink Kit, and do not pay for their first month of service will automatically be billed for the amount of the regional savings.
- Customers will not be permitted to change their service plan for 6 months after the date the order is placed, unless they contact support and agree to pay the regional savings.

Eligible areas with one-time "Regional Savings":

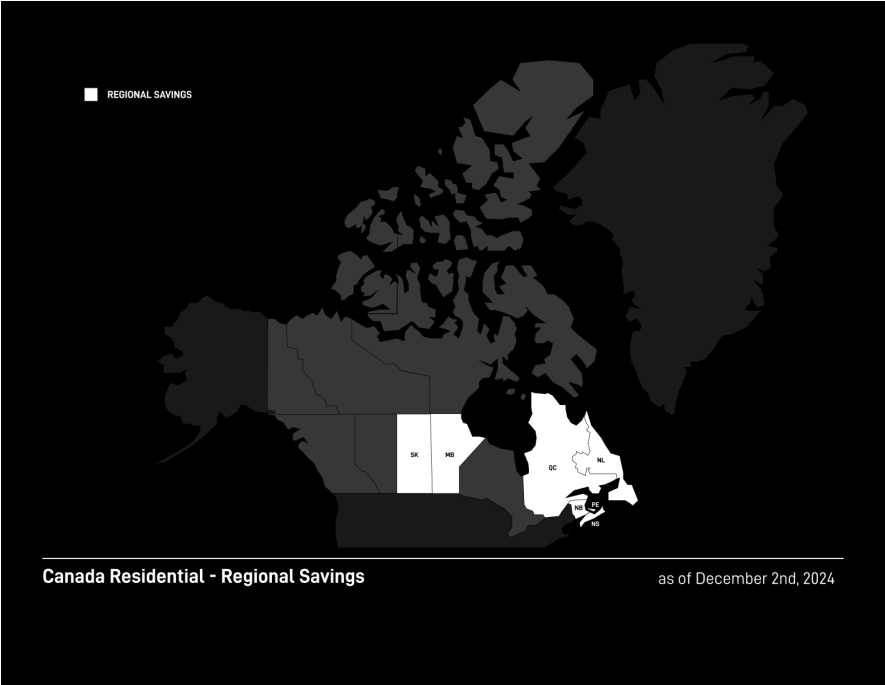

Australia & New Zealand

Brazil

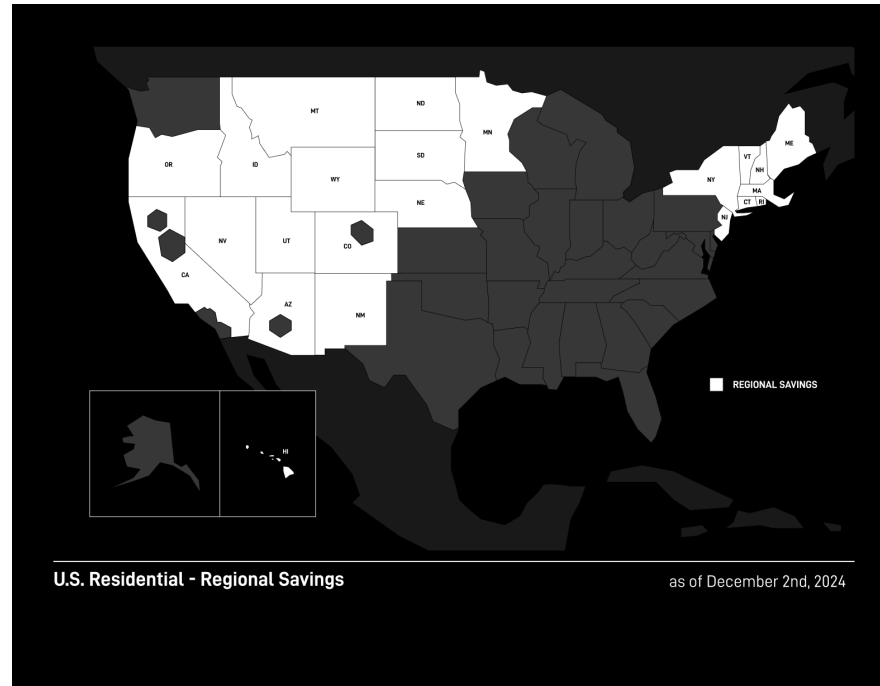

Canada

Mexico

United States
