

ECO AID BATHROOM *Bathroom Cleaner*

PRODUCT INFORMATION SHEET

DESCRIPTION:

An environmentally responsible technology for the cleaning of bathroom and toilet areas.

ECO AID BATHROOM CLEANER removes soap scum, body oils, mould, lime, mildew, water scale and rust deposits on porcelain, tiles, ceramic tiles, and fibreglass surfaces. To reduce future cleaning time, Ecoaid Bathroom Cleaner contains an additive that forms a protective coating on surfaces to minimise re-soiling. The formulation of this product includes a natural acid that will assist in preventing growth of bacteria and scale removal in amenities areas.

Ecoaid Bathroom Cleaner is **independently certified green** and formulated and packaged in a super concentrated format to maximise cost savings and minimise environmental impact: less water transported, less chemical used, less land fill, less plastic, and less carbon emissions!

FEATURES AND BENEFITS:

- Natural acids remove soap scum, body oils and mould
- Protective coat to minimize re-soiling
- Powerful sanitizer
- Deodorises as it cleans

TECHNICAL INFORMATION:

Appearance	Red/ Pink free flowing liquid
Odour	bamboo and Lime
pH	3.5 - 4.5 Concentrate 3.5 – 4.5 Diluted
Specific gravity	0.99 – 1.01
VOC content	None
Degradability of ingredients	Biodegradable
Septic systems	Septic Safe

DIRECTIONS FOR USE:

For general use, dilute 30ml in 750ml of water. For heavy duty cleaning, dilute 60ml in 750ml of water. For mop and bucket cleaning, dilute 20ml in 5L of water.

SAFETY:

Avoid contact with skin and eyes. Avoid breathing dust, fume, gas, mist, vapour or spray. Use only in well ventilated areas. Wash hands after use. Keep container closed when not in use.
