

BARACUDA®

adventura™ Robotic Pool Cleaner

Adventura™ is a 4WD robotic pool cleaner with patented Vortex Technology, that keeps the debris suspended while the cleaner is functioning so that the filter canister does not get clogged.

Conveniently transport and store away the cleaner with an easy to assemble trolley. Adventura™ also features cyclonic suction power technology, ideal for medium size debris.

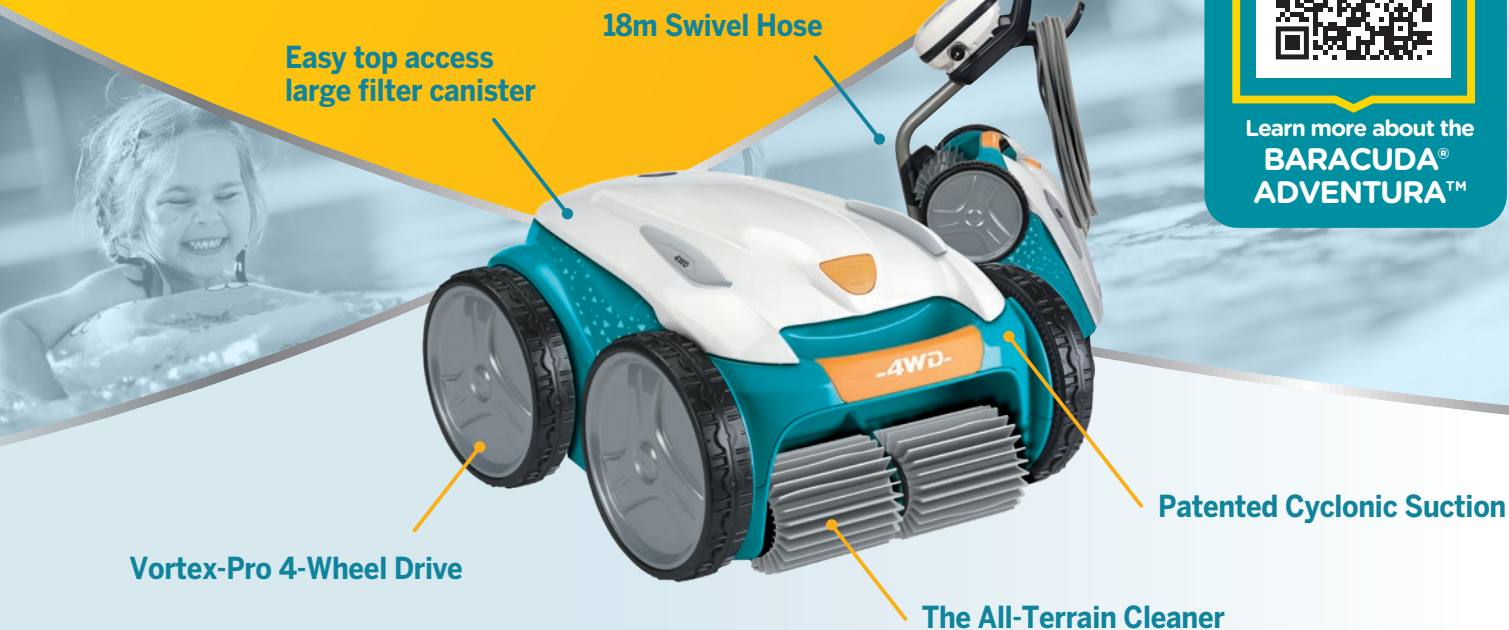

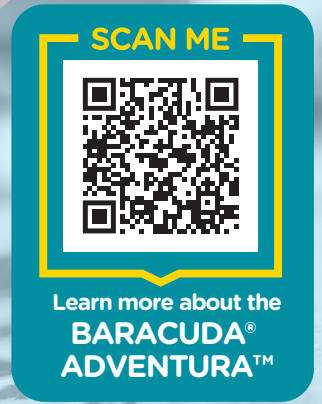

PREMIUM QUALITY. SPARKLING RESULTS.

adventura™

Robotic Pool Cleaner

Key Product Features & Benefits

Vortex-Pro 4-Wheel Drive

Thanks to its 4-wheel automotive drive system, Adventura™ overcomes all obstacles with an amazing agility making sure all areas of your pool are perfectly cleaned

Patented Vortex Vacuum Technology

Vortex technology provides powerful and constant cyclonic suction. This allows the Adventura™ robotic cleaner to capture large debris such as gum nuts, twigs and eucalyptus leaves while not losing suction power throughout the cleaning cycle.

EBox + Light Weight Caddy

EBox, makes it easy to operate the cleaner at the touch of a button. It indicates when the filter canister is full and it also allows you to activate the patented Lift System. The caddy is easy to assemble and no tool is required for assembly.

Large and super easy to clean filter canister

Never touch debris again thanks to the easy access and hygienic design of the filter canister. Clean and remove debris in a matter of minutes with minimum fuss.

Plug & Play Simple Installation

Simply plug the power cord into a regular 240V wall socket and press START on the control box. No assembly required

Patented Lift System

Enjoy easier removal of the cleaner with 20% less effort.
