

Whole of Build Solutions

Helping Builders across Australia
develop and grow

BUNNINGS
TRADE

Helping business is our trade.

CONTENTS

We're here to support you from the front gate to the back fence. Across all building stages, we've got you covered for your next residential or commercial project. We can supply you with everything from pre-fabricated timber frames and trusses, to flooring, joinery, kitchens, appliances, commercial grade windows, façades, plumbing and more. And, if we don't stock it, we'll do our best to source it for you. Utilising our National network we can work with you to develop unique product solutions, to help you get the job done.

We can work with you to develop unique product solutions, including high-end categories and specialist products. We do all of this from our National network of Trade Centres, Frame and Truss Plants, Warehouses and Building Solutions Studios – allowing us to help you get the job done on time.

Your partner for building solutions

Bunnings has been providing innovative building and hardware solutions for over 130 years.

But we're much more than a supplier, at Bunnings Trade we believe in long-term partnerships based on trust and taking the time to understand our customers' needs so that we can build the right solutions, every time, to help your business grow.

Our dedicated commercial team includes:

- ✔ Account Managers
- ✔ Business Development Managers
- ✔ Product Specialists
- ✔ Supply and Install services
- ✔ Builders' Service Team
- ✔ Specialist Frame and Truss team
- ✔ Building Solutions Studio team

Did you know?

- ✔ Over 170 Account Managers on the road
- ✔ Over 500 in-store Trade Specialists
- ✔ Five Frame and Truss sites with a sixth coming in early 2024
- ✔ Over 29 Trade Centres
- ✔ Over 135 dedicated Builders Service team members on the phone

Bunnings History

1886

Arthur and Robert Bunning arrive in WA. Bunnings Bros Pty Ltd is founded. Soon after they purchase their first sawmill.

1952

Bunnings expand in the WA market, adding building supplies to their timber business; became a public company and the leading supplier of WA hard woods to the construction industry.

Bunnings

1993

Bunnings purchase McEwans Ltd in Victoria and South Australia enabling expansion of operations of the east coast.

1994

Bunnings open their first Warehouse in the Melbourne market and Wesfarmers go to 100% ownership.

2002

Frame and Truss launches providing superior service and advice, including quoting, estimating and detailing for projects both large and small.

2003

Trade Centres launches for commercial sales and deliveries.

2010

Bunnings Trade introduces PowerPass program.

2018

Bunnings Trade introduces the PowerPass app.

2023

Building Solution Studios (BSS) relaunched for commercial customers, architects and designers in Port Melbourne, Castle Hill and Cannon Hill.

NOW

Bunnings Trade continues to deliver services and solutions that help our customers business' grow.

RESPONSIBLE SOURCING, SUSTAINABILITY AND COMMUNITY

Responsible sourcing

At Bunnings, we're committed to ensuring the products we sell, come from legal and sustainable operations, with good working conditions and fair treatment of people. As such, we continue to pursue sustainability by striving to make them socially responsible, environmentally aware and economically viable.

Sustainability

We are also committed to helping customers live more sustainably, and we are proud of the role we play in supporting local communities to make a positive difference. We recognise that our business plays an important role in reducing carbon emissions and addressing climate change. Bunnings is committed to sourcing 100 per cent renewable electricity by 2025 to help achieve our target of net zero Scope 1 and 2 emissions by 2030.

We have a comprehensive roadmap in place to reduce our energy consumption and to transition towards using more renewable energy sources.

In our Community

Bunnings is committed to participating in the communities in which we operate by contributing to local, regional and national causes, charities

and organisations throughout Australia and New Zealand. We provide ongoing assistance to a wide range of local community groups including schools, sporting clubs and service clubs as well as Fight MND, Sunsmart and Worldskills.

For full details on our responsible sourcing, sustainability or community commitments click or scan here

Women in Apprenticeships Awards

Bunnings Trade is committed to providing meaningful support to help achieve better gender equality and foster a more inclusive and diverse construction industry. Which is why, in 2023, Bunnings Trade, in partnership with NAWIC, celebrated the launch of a new \$100,000 initiative aimed at supporting women in the early stages of their trade careers. The Awards recognised and rewarded 10 women in an apprenticeship, with a professional and financial support pack worth over \$10,000 each.

What do our customers think?

Eastbound Builders

“Bunnings Trade has been paramount to the growth of our business. They have consistently provided us with solutions when others shied away from the challenge.

We had the confidence to continuously build because we had that confidence of a strong supply through Bunnings’ impeccable insight on the volatile market and unmatched customer service. We owe a lot of our success to the support and partnership of Bunnings, and we look forward to many more years of working together.

Over the hundreds and if not thousands of orders we have gone through with Bunnings Trade, it is evident that

they really care about their customers. They have always gone above and beyond to ensure we receive the supplies we need in a timely manner.

There were times when we faced unexpected supply chain disruptions, but Bunnings was quick to find alternative solutions and keep our

projects moving forward. Their dedication to customer satisfaction is truly unmatched in the industry.”

“Their deep understanding of the market and ability to adapt to changing conditions has been a game changer for us.”

Logan Wang
Managing Director –
Eastbound Builders

Maple Living

“Working with Bunnings Trade has had a positive effect on our build processes here at Maple Living. Being in the medium density residential volume building industry, it’s important that the right processes are put in place for a smooth construction process.

Having an Account Manager has been a huge advantage for us. When issues arose, they were solved in no longer than 48 hours with a distinct plan and resolution.

PowerPass has been a game changer. From a volume builder standpoint, it’s simple to scan items and create our own

purchase order numbers. The streamlined process has cut out the middleman so there is no discrepancy with purchase orders. Everything is done then and there.

“Bunnings Trade’s reliability and versatility has been fantastic. Would highly recommend as a reliable partner with regards to their Frame and Truss offer and delivery solutions, in particular.”

Simon Giramondo
Construction Manager –
Maple Living

FRAME TO FIX

ENERGY EFFICIENT BUILDING

Changes to the National Construction Code and the Nationwide House Energy Rating Scheme mean that insulation, venting, heating and cooling are becoming an even more critical component of a build. The extremes of the Australian climate, from wet tropical and warm temperate zones to cold, alpine regions make energy efficiency, complex. In addition to thermal and sustainability requirements, there are acoustic considerations which the correct insulation can help meet. Working with global leaders in the manufacture of innovative insulation solutions, Bunnings Trade can supply everything you need to meet these requirements.

- ✓ Wall and ceiling batts
- ✓ Building wraps and cavity battens
- ✓ Roof sarkings and insulation
- ✓ Floor insulation
- ✓ BAL ratings
- ✓ Building code compliant
- ✓ Split systems
- ✓ Ducted systems
- ✓ Residential and commercial
