## 444L Side-by-Side Black Gloss Door Fridge/Freezer

### Signature Features

#### Sleek & Seamless Back Gloss Door

Adding a touch of sophistication and style, the shiny properties of the black gloss make the kitchen look modern

#### Fast Cool & Fast Freeze Mode

- Enjoy quick cooling performance at the touch of a button. Fast Cool blows intensely cold air into the fridge to help quickly cool groceries or drinks, while Fast Freeze delivers a fast blast of cold air into the freezer. Great for making ice!

#### Intelligent Mode

- Intelligently adjust the fridge temperature in accordance with the ambient temperature variations

#### No Frost Technology

- Saving time and hassle, No Frost technology prevents ice build-up by constantly circulating air, so there's no need for manual defrosting while also preventing the spread of bacteria

#### Inverter Compressor

- Inverter technology saves up to 70% on your energy bills, making your refrigerator highly energy efficient

#### Deep Vegetable & Fruit Drawers

- Telescopic drawers to keep the freshness of stored items for longer

#### Smart Electronic Temperature Control Display System

- Adjust for optimal control of temperature of the refrigerator and freezer without opening the door, allowing food longer lasting freshness

#### Eco Friendly LED Lights & Technology

- Energy efficient LED lights for better visibility in all corners of the fridge

#### Sub-Tropical (SN/N/ST) Rating

- Rated for use in tropical conditions to stay cool in the Australian climate
