# Measure & Plan Your Kitchen Using Our Grid.

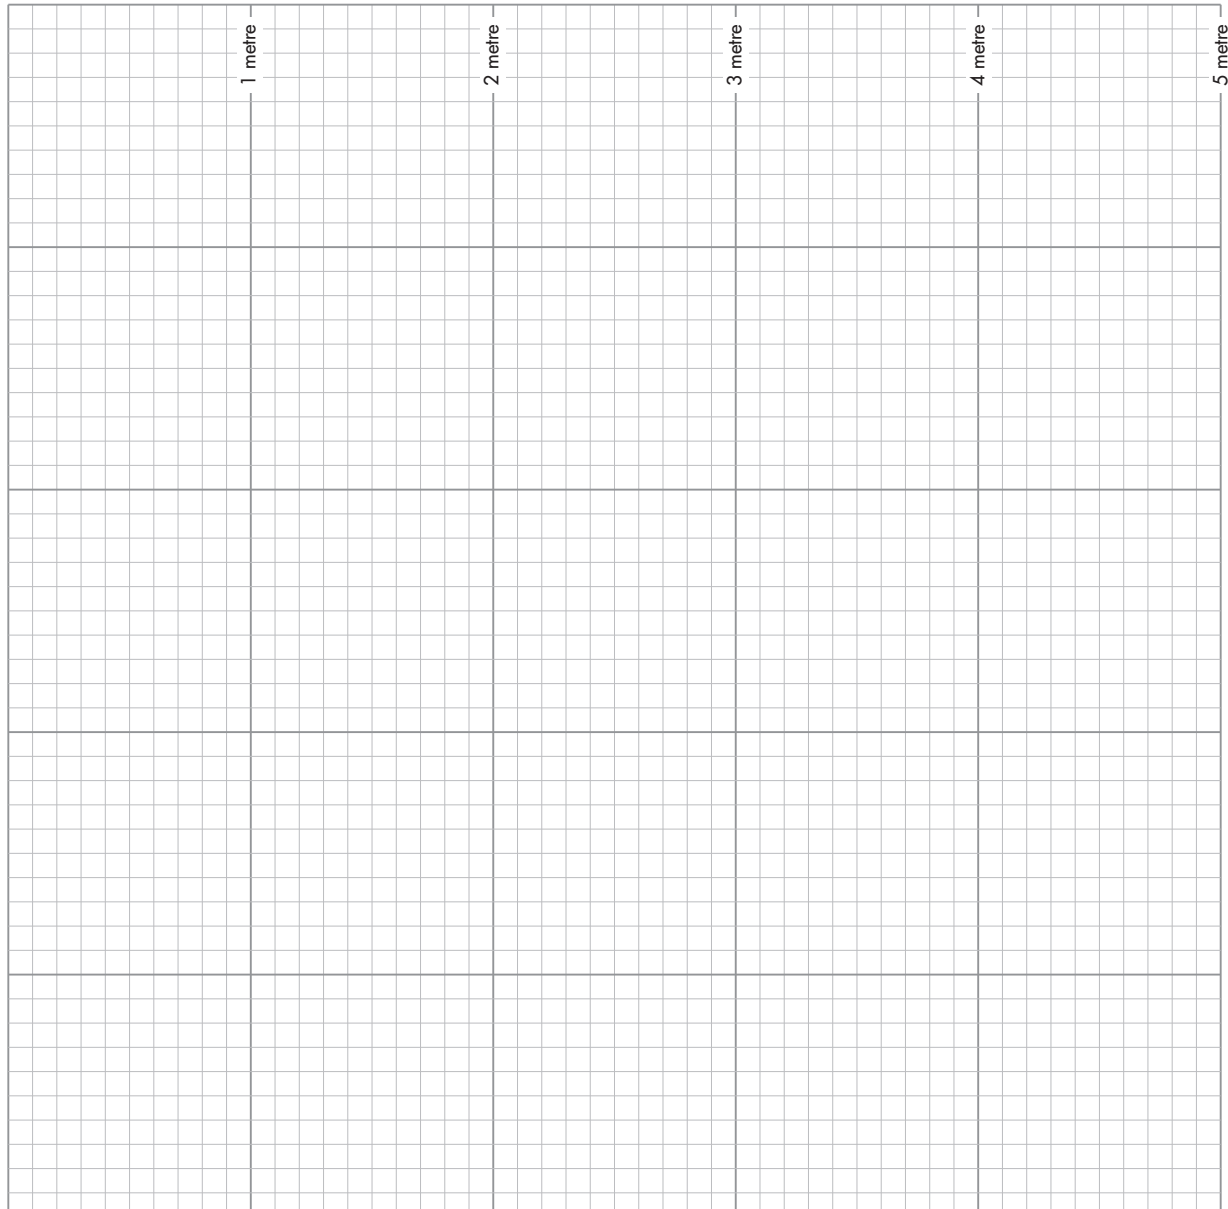

Start by measuring your room dimensions including any new & existing doors, windows, service points for appliances or taps and any other important fixtures.

- » Floor to ceiling/bulkhead height \_\_\_\_\_ mm
- » Floor to window height \_\_\_\_\_ mm
- » Window to wall length \_\_\_\_\_ mm
- » Doorway to wall length \_\_\_\_\_ mm
- » Floor to water waste height \_\_\_\_\_ mm
- » Floor to current water source height \_\_\_\_\_ mm  
(Wall mounted taps/pipes)

- » Mark all windows with a -  » Mark existing services:  
(Measure to outside of architrave) E - Electricity
- » Mark all doorways with a - D (Measure to outside of architrave) G - Gas
- W - Water/waste water

Note: One small square represents 100mm

We can provide an in-home measure, design advice and quote from the convenience of your own home, free of charge. Call **0800 250 011** to book your consultation.
