

FURNITURE CASTORS

UP TO
150kg
LOAD CAPACITY

The Furniture Castor range is designed to suit standard office chairs as well as light weight furniture including cabinets, TV units, display racking and trolleys.

Furniture Castors are common on many pieces of furniture within the home due to their durability and simple manoeuvring. The twin wheel hooded design increases load capacity and functionality when in motion. Available in a range of sizes with different application types including threaded stem, plate and circlip.
