

3109A Digital Door Lock

Combining high security with cutting edge technology, the Yale 3109A Digital Door Lock is a high quality security solution for the contemporary home.

The Lock can be opened with PIN code, proximity card or traditional key. And now with enhanced electronics and updated firmware - you have the convenience of Yale Home app connectivity and capability.

Enjoy peace of mind, protected by a Yale Lock with 180 years of security expertise built in.

Trusted every day

Features

Various Access

Three access solutions, PIN code, proximity card or key for your convenience. 4 digit one time code for temporary access.

Scrambling Code

You can add meaningless numbers before or after the PIN when there is a chance of exposing your PIN to others.

Automatic Locking - Selectable

Automatically locks the door after auto-lock sensor detects the door is closed. (Manual operation is also selectable)

Safe Handle - Selectable

When enabled, the button on the inside handle must be depressed before the lever will operate. This is a child safety feature as small children will have difficulty opening the door.

3-Minute Lock Out Mode

Keep uninvited visitors out - after 5 attempts of entering an incorrect pin code or invalid proximity card, the 3-minute lock out mode will be activated. During the 3-minute lock out period, the lock will shut down and not allow operation.

Low Battery And Emergency Power

It warns in case of low battery with alarm and LED. When the batteries are completely discharged, you can easily supply power to the lock from outside with a standard 9V battery.

Alarm (Break-in / Damage)

80dB alarm goes off if anyone attempts to damage the lock or force the door open.

Smart Home Automation

Monitor access, lock and unlock your door from anywhere when you upgrade with the Yale Home Kit*, Zigbee or Z-Wave module** and integrate into a compatible home automation or security system.

*Yale Home Kit includes Yale Home module and Yale Connect Wi-Fi bridge for remote access (sold separately).

**Network modules sold separately.
