# SAFETY DATA SHEET

Section 1: Identification of the material and the supplier

**Product:** 30 Seconds – Calcium, Rust & Lime (CRL) Remover – Ready to Use (RTU)

**Product Use:** For stain and scale removing applications.

New Zealand Supplier: 30 Seconds Ltd

Address: 9B Garland Street

Matamata New Zealand

Telephone: 64 7 880 9380

Australian Supplier: TRADEWARE GROUP

Address: 45 Birralee Road

Regency Park SA 5010, Australia 61 8 8244 0344

Telephone: 61 8 8244 0344

Emergency Telephone: New Zealand : 0800 764 766 (NZ Poisons Centre)
Australia : 13 11 26 ( Poisons Information Centre)

Section 2: Hazards Identification

This substance is hazardous according to the HSNO (Minimum Degrees of Hazard) Regulations 2001. This substance is hazardous according to the criteria of Safe Work Australia.

NZ EPA Approval Code: Cleaning Products (Subsidiary Hazard) Group Standard 2017 – HSR002530

# **Pictograms:**

# Signal Word: WARNING

| GHS Classification     | GHS Category | Hazard Code | Hazard Statement              |
|------------------------|--------------|-------------|-------------------------------|
| Serious Eye Irritation | Category 2   | H319        | Causes serious eye irritation |

| <b>Prevention Code</b> | Prevention Statement                 |
|------------------------|--------------------------------------|
| P103                   | Read label before use                |
| P264                   | Wash hands thoroughly after handling |

| Response Code      | Response Statement   |
|--------------------|--|
| P305 + P351 + P338 | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
| P337 + P313        | If eye irritation persists: Get medical attention.   |

| Storage Code   | Storage Statement |
|----------------|-------------------|
| None allocated |                   |

| Disposal Code | Disposal Statement                |
|---------------|-----------------------------------|
| P501          | Dispose as per Local Regulations. |

# Section 3: Composition / Information on Ingredients

| Ingredients               | Wt%        | CAS NUMBER. |
|---------------------------|------------|-------------|
| Citric Acid               | 1-5        | 77-92-9     |
| NON-HAZARDOUS INGREDIENTS | To balance |             |

| Section 4: | First Aid Measures |  |
|------------|--------------------|--|
|------------|--------------------|--|

#### Recommended first aid facilities:

Ready access to running water is required. Accessible eyewash is required. Emergency Ready access to shower, hand wash.

#### Routes of Exposure:

If in Eyes Rinse for at least 15 minutes lifting eyelids. Remove contact lenses, if present and

easy to do. Continue rinsing. Seek medical assistance if needed.

If on Skin Wash skin with water. If skin irritation occurs: Get medical attention.

If Swallowed Do not induce vomiting. Never give liquid to a person showing signs of reduced

awareness or becoming unconscious. Seek medical assistance if needed or contact

poisons information Centre.

If Inhaled Remove patient to fresh air. Immediately call a POISON CENTER or doctor.

| Section 5: Fire Fighting Measures |
|-----------------------------------|
|-----------------------------------|

| Hazard Type              | Non Flammable  |
|--------------------------|--|
| Extinguishing media      | Dry chemical powder, foam, fog sprays, and water jets.                             |
| Fire/Explosion Hazard    | Thermal decomposition on burning may produce toxic vapors or gases.                |
| Precautions for          | Standard fire-fighting procedures may be followed, including full protective gear. |
| firefighters and special |  |
| protective clothing      |  |

| Section 6: Accidental Release Measures |  |
|--|--|
|--|--|

Minor Spills: Wear protective equipment to prevent skin and eye exposure. Contain using sand, earth or vermiculite.

Major Spills: Wear protective equipment to prevent skin and eye exposure.

Prevent by whatever means possible any spillage from entering drains, sewers, or water courses. (If this occurs contact your regional council immediately).

Use absorbent (soil, sand or other inert material). Rags are not recommended for the clean-up of spills, as they may create fire or environmental hazard.

Mop up and collect recoverable material into labeled containers for recycling or salvage.

Recycle containers wherever possible. This material may be suitable for approved landfill. Dispose of only in accord with all regulations.

# Section 7: Handling and Storage

# Precautions for safe handling and storage for bulk quantities:

- Keep out of reach of children.
- Wash hands thoroughly after handling.
- Avoid contact with eyes.
- Avoid breathing in vapor, mist or spray.
- Store in the original container, in a cool place

# Section 8: Exposure Controls / Personal Protection

# **Engineering Controls:**

Exposure can be reduced by process modification, use of local exhaust ventilation, capturing substances at the source, or other methods. If you believe air borne concentrations of mists, dusts or vapors are high, you are advised to modify processes or increase ventilation.

#### **Personal Protective Equipment:**

# Eyes:

Protect eyes with goggles, safety glasses or face shield. Avoid wearing contact lenses.

| Section 9:        | Physical and Chemical Proper | ties                                   |               |
|-------------------|------------------------------|--|---------------|
| Physical State:   | Liquid                       | Upper explosive limit:                 | Not available |

| Incompatibility        | Strong oxidizing agents.  |
| Decomposition Products | On burning may produce toxic vapors or gasses.                    |

| Section 11: Tox | cicological Information |
|-----------------|-------------------------|
|-----------------|-------------------------|

#### **Summary**

No specific data is available for this product.

Toxicological data has been evaluated/calculated for the mixture. The product is considered to have the following potential health effects.

Contact with the eyes may result in serious eye damage.

#### **Supporting Data:**

| rr · · · · · · · · · · · · · · · · · · |      |   |
|--|------|---|
| Acute                                  | Oral | Citric Acid is listed as a HSNO 6.1 E. Calculations for the mixture LD 50 |
|  |      | comes out at >5000 mg/kg hence no classification required.                |

|         | Dermal                             | No data   |
|---------|------------------------------------|---|
|         | Inhaled                            | Citric Acid is listed as irritating to the respiratory system at higher concentrations (HSNO CCID).                               |
|         | Еуе                                | The mixture is considered to be eye irritating as some ingredients of the mixture are eye corrosives and occur in quantities <3%. |
|         | Skin                               | No Classification   |
| Chronic | sensitization                      | No data   |
|         | Mutagenicity                       | No data   |
|         | Carcinogenicity                    | No data   |
|         | Reproductive/developmental         | No data   |
|         | Systemic                           | No data   |
|         | Aggravation of existing conditions | None Known  |

| Section 12: | <b>Ecological Information</b> |
|-------------|-------------------------------|
| Section 12. | Ecological IIII of III acion  |

#### Summary

No specific data is available for this product.

# **Supporting Data:**

| Aquatic                  | No data |
|--------------------------|---------|
| Bioaccumulation          | No Data |
| Degradability            | No Data |
| Soil                     | No Data |
| Terrestrial vertebrate   | No Data |
| Terrestrial invertebrate | No Data |

**Environmental Protection**: Avoid contaminating waterways. Do not discharge the product into drains or sewers.

| Section 15. Disposal Considerations | Section 13: | Disposal Considerations |  |
|-------------------------------------|-------------|-------------------------|--|
|-------------------------------------|-------------|-------------------------|--|

Rinse containers well with water before disposal. Preferably re-cycle container, otherwise send to an authorized landfill or similar.

| Section 14: | Transport Information |  |
|-------------|-----------------------|--|
|             |                       |  |

This product is not classified as hazardous for transport according to the following:

- NZS 5433:2017 Safe Transport of Dangerous Goods.
- ADG Australian Code for Transport of Dangerous Goods.
- IMDG International Maritime Dangerous Goods Code.
- IATA International Air Transport Association.

This substance is not a Marine Pollutant.

| Section 15: | Regulatory Information |
|-------------|------------------------|

EPA Approval Code: Cleaning Products (subsidiary hazard) – HSR002530

Trigger quantities for this substance:

|  | Trigger Quantity |  |
|--|------------------|--|
| Approved Handler                           | Not required     |  |
| Location Certificate                       | Not required     |  |
| Tracking Trigger Quantities                | Not applicable   |  |
| Signage Trigger Quantities                 | Not required     |  |
| Emergency Response Plan trigger Quantities | Not required     |  |

Section 16 Other Information

**SDS Version Number:** 2.3 (Change to GHS 7, change hazard class)

SDS Effective Date: 28 July 2021 SDS Review Date: 28 July 2026

SDS Regulation: The content and format of this SDS is in accordance with HSNO Approved Code of Practice (No.

HSNOCOP 8-1 09-06): Preparation of Safety Data Sheets.
