BC36-4L

Defect: Product can leak from the cap of the bottle.

Hazard: If the product leaks from the packaging, it may cause skin and/or eye irritation and damage/corrode property.

What to do: Consumers are advised to immediately stop using the product. Consumers should return the product to the place of purchase for a full refund.

When handling the product, consumers should wear gloves and avoid all personal contact, including inhalation. Check the container's cap is sufficiently tightened and not damaged. Check the packaging container for any leaks or damage. Consumers are advised to place the affected product in a plastic bag secured with a cable tie and exercise caution when transporting the affected product to the place of purchase for a full refund. Consumers should thoroughly wash their hands after handling the product, even if there is no obvious sign of leakage.

Contact details: For further information, consumers can contact ITW Australia by phone on 1800 177 989 or by email at sales@aamtech.com.au
