**The Bellessi Tile Tray is the only Australian made,
structural, waterproof tray on the market!**

Not only is it ideal for tight spaces due to its
pre-formed design, but it's also a great feature
in more elaborate bathroom designs.

Bellessi Tile Trays are DIY *Easy!*

Your Bellessi Tile Tray can be installed directly onto joists.

It can also be installed onto particleboard or hardwood flooring and even concrete slabs.

With its structural properties, built in fall and high weight rating it will save you time and money while giving you peace of mind for years to come.

Easily trim the lip around the perimeter of the tray to suit your tile height for a seamless walk through tiled base.

Bellessi Tile Trays are perfect for any bathroom whether you are doing a renovation or building a new home.

Please read the installation instructions carefully before installing your tray.

It is the responsibility of the installer to adhere to local building codes when installing the Bellessi tile tray.

Adhere the tile tray in position

1

Lay your tiles over the tray

2

Your installation is complete!
