## 3-in-1 Wireless Charging Stand WC-HCS10

### WHAT'S IN THE BOX:

- Wireless charging stand
- 20W USB-C wall charger
- USB-C to USB-C charging cable
- User manual

### HOW TO SETUP AND USE:

### WARNINGS:

- » Keep away from children; this is not a toy.
- » Don't leave devices charging unattended to avoid overheating.
- » Avoid charging wet devices to prevent electric shock.
- » Keep credit cards, security badges, passports or anything with magnetic strips away from the charger.

### WHEN CHARGING:

- » Ensure devices are properly aligned on the charging pads.
- » Remove any cases or accessories that may block the charging.
- » If the charging indicator flashes green and blue, check for foreign objects on the pads.
- » Make sure your non-MagSafe and non-Apple devices support wireless charging before placing them on the pad.

## **CHARGING TIPS:**

- » Monitor your device while charging for any issues.
- » Unplug your device when fully charged to maintain battery health.
- » Keep the charger away from direct sunlight and temperatures above 45°C.
- » Wipe charging pads with a dry cloth for optimal performance.

## **TROUBLESHOOTING:**

### **Slow or Intermittent Charging:**

- » Check for obstructions or metal behind the device.
- » Ensure the device is centred on the charging pad.
- » Use phone cases thinner than 5mm.

### **No Charging:**

- » Restart your device.
- » Confirm your device supports wireless charging and try another device.

### **Overheating:**

- » Some heat is normal, but if the device gets too hot, remove it until it cools down.
