Size Selection

See reverse side to determine the best size blind to cut down in width

Measurement Tips

- Use Face or Recess installation
- Use a metal tape measure
- Record measurements in millimeters
- Use exact measurements
- Face mount width must be measured from the top
- Recess mount width must be measured from the top
- **NOTE:** For recess mount, a slight gap of approximately 15-20mm on either side will be present to allow for mechanisms
