- Ideal for Spot Cleaning

Technical Details

Property	Typical Result
Colour	Clear colourless
Density	Approx. 1.02g/mL
pH	Approx. 10.6
Indicative data only, not intended for preparation of specifications	

Do not use on:

*May damage aluminium and brass surfaces. In case of accidental contact, wipe off immediately.

Absorbent, porous and unsealed surfaces should be tested for staining in an inconspicuous area.

Directions for Use

1. Spray area to be cleaned. If staining is heavy, leave for 30 seconds, then wipe away with a damp cloth.
2. For tougher jobs, leave for a minute, then gently wipe away with a non-scratch scouring sponge or cloth. **Rinse off surfaces that are not intended to be painted.** A second application can help remove any remaining residue.

Storage

- Store in a cool, dry, well-ventilated place and out of direct sunlight.
- Store away from foodstuffs.
