

BLUE RUBBER CASTORS

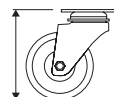

UP TO
150kg
LOAD CAPACITY

Blue Elastic Rubber castors are manufactured with quality thick steel which allows the castor to withstand high shock loads.

Engineered with an elastic compound enabling the wheel to return to its original shape if flat spotting occurs due to being in the same position for extended periods of time.

The non-marking elastic rubber wheel absorbs shock when the load is in motion while also reducing noise.

Suitable for use on all surfaces the Blue Elastic Rubber castors are a great solution to a diverse range of D.I.Y and commercial tasks.

Product Code	Castor Type	Wheel Diameter (mm)	Tread Width (mm)	Wheel Material	Bearing Type	Load Capacity (kg)	Finished Height (mm)	Fitting Type
0073905	Fixed	75	23	Blue Rubber	Roller Bearing	90	100	Plate Mount
0073906	Swivel	75	23	Blue Rubber	Roller Bearing	90	100	Plate Mount
0073907	Swivel + Brake	75	23	Blue Rubber	Roller Bearing	90	100	Plate Mount
0073908	Fixed	100	27	Blue Rubber	Roller Bearing	150	130	Plate Mount
0073909	Swivel	100	27	Blue Rubber	Roller Bearing	150	130	Plate Mount
0073911	Swivel + Brake	100	27	Blue Rubber	Roller Bearing	150	130	Plate Mount
0073912	Fixed	125	27	Blue Rubber	Roller Bearing	150	150	Plate Mount
0073913	Swivel	125	27	Blue Rubber	Roller Bearing	150	150	Plate Mount
0073914	Swivel + Brake	125	27	Blue Rubber	Roller Bearing	150	150	Plate Mount
