

Excellence in Safety

Window safety locks you can rely on

Keep children safe around open windows with Remsafe Window Locks

With new legislation coming in to force requiring safety locks on windows, Remsafe Window Locks are the ideal solution.

Our products not only give you security, safety and compliance, but also provide the freedom to open windows (partly or fully) with ease, when it is safe to do so.

Our extensive experience in the locksmith industry means we understand the importance of practical window devices that are safe, easy to use, durable and affordable.

- ✓ Compliant with Australian window safety legislation
- ✓ Australian owned and designed
- ✓ A cost-effective way to comply with legislative requirements
- ✓ Flexibility to restrict or fully open windows
- ✓ Keyed alike across the Remsafe Window Locks range
- ✓ Range to suit every type of window
- ✓ Simple to fit, easy to use
